WORKSITE WALK-AROUND

www.ImmersiveTechnologies.com

WORKSITE WALK-AROUND

SITE FAMILIARIZATION TRAINING

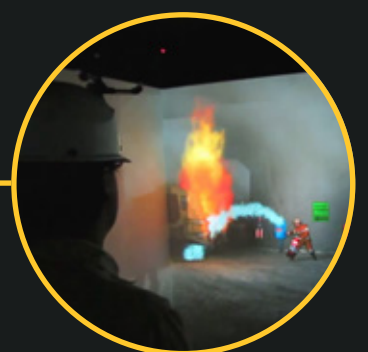

Using an interactive environment customized to your site specifications your personnel can explore and become familiar with your current or future site.

EVACUATION TRAINING

Train under conditions not able to be replicated on an actual site ensuring your personnel know how to respond to an evacuation.

EMERGENCY TRAINING

Ensure your personnel are prepared to handle worksite emergencies, building confidence for correct action and response.
